

Dear BSTP Family

Thank You so much for passing the hat at our spring meeting, Pullers do have **BIG** hearts. I never imagined that I would be going through health issues, Its something you think will never happen to you.

I can't express how much you all mean to me in helping me and my family out during this time. Just an update, I have finished radiation treatments and will go back in June for a scan to see if the cancer is all gone. Thank You for all your support, it sure means alot to me!
